12.1. A letter asking for Council clearance / tidying of vegetation at the entrance to West Chiltern, and action regarding anti-social parking

Good morning

First of all I would to say well done on planting the trees around the village , I live in West Chiltern and unfortunately the other vegetation by the first corner has become terribly overgrown and make the whole space look uncared for despite the new trees. I am aware that this is technically not council owned land but it has been trimmed by the council in the past along with the grass on the right hand side as you enter West Chiltern. If you could do anything it would be much appreciated.

I also wonder if there is anything that could be done about the parking at the White House Road - West Chiltern junction , I have already had a vehicle reverse off the pavement into me when I was stationary and it has become more and more dangerous when turning left out of West Chiltern. I have to pull out onto oncoming traffic on the wrong side of the road just to get visibility. These are just examples but it is a daily occurrence.
